Tiller School of Carteret County NATIONAL SchoolChoice WEEK Special Event

On Friday, January 27, 2017, Tiller School will participate in National School Choice Week 2017 with a special event.

The event, will take place at 8:00 AM at our school. Lead by our second grade students, our Tiller Community will enjoy sharing why the Tiller School is our choice for education! The goal of National School Choice Week (NSCW) is to raise public awareness of all types of education options for children. These options include traditional public schools, public charter schools, magnet schools, online learning, private schools, and homeschooling. We hope you will join us!

National School Choice Week is a non-partisan, non-political effort that raises awareness about the importance of effective education options for students. Nearly 20,000 events are being planned across the country to celebrate National School Choice Week.
